February 26, 2020

Dear Big Foot Students, Parents, and Guardians,

I am writing to provide you with an update regarding a recent incident at our high school.

A hunting rifle was found during the search of a vehicle on Big Foot's property in the late afternoon of Monday, February 24. There were no weapons in the building itself, and at no time do we believe there was any threat to the safety of our students and staff.

The district has been working with local police to investigate this incident. Law enforcement officers were on hand during the search itself. Due to the fact that this is a police matter, there is little else we can share at this time.

Please know that ensuring a safe and positive learning environment is always our top priority. We are following state law and school district protocol in addressing the situation. If you have any questions, please do not hesitate to contact me.

Respectfully,

*Doug Parker*
